## School Digital Citizenship Plan 2025-2026

This template is provided as an option for schools to use to create their Digital Citizenship Plan by October 31 of each current school year. Refer to the [Digital Citizenship Plan insite page](#) for support and resources. You can modify and use this template or create your plan in a different format as needed to support the needs of your school. School leaders use collaborative consultation to determine 2-3 long term goals for the school year and build upon them for long-term impact.

Please share a relevant version of your School Digital Citizenship Plan with parents and students on your school's website.

### Relevant contextual information about your school and School Development Plan:

- K-6 school with a diverse population of 387 students.
- School Development Plan Goal: Student achievement in literacy will improve.
